

CHRISTCHURCH EXCURSION 2021

26th - 30th Nov
4.5 day excursion
\$1,240 - Single
\$1,120 - Twin/Double

26th - 28th Nov
2.5 day excursion
\$665 - Single
\$605 - Twin Double

29th & 30th Nov
2 day excursion
\$470 - Single
\$440 - Twin/Double

Please Note: We do not assign twin rooms, these rooms are for friends and couples who are coming together and wish to share a room. If you are booking for 1 you will be allocated a room of your own at the single price.

Also: If you have your own accommodation or wish to organise this yourself, Daily fieldtrips can be booked separately... just go to our website under course bookings.

All excursions include accommodation as stated above, most meals, any activity entry fees or ticketing, tuition, guidance, study sheets and follow up photo evaluations. Transportation is usually your own or car pooling as we do not offer a passenger licenced service at this time. If taxis or public transport are used for a specific reason it is covered by the excursion fee.

ITINERARY

Friday Evening

Our 2.5 day and 4.5 day excursions will start off with a mix and mingle from 5pm. A light finger food dinner will be served followed by a short tutorial. At about 6.30pm we will head out to begin our sunset and inner city night shoots.

After a lovely evening of photography we will head back to our accommodation for a light supper before calling it a night.

Saturday

After a casual continental breakfast we will be heading off on our day trip to the mountains.

We will gradually wind our way inland stopping for some lunch along the way and head towards Arthurs Pass Village (maybe find a Kea or two) before making our way back. We have no strict timetable for this as we want to make the most out of finding and utilising photographic opportunities along the way. The topic focus for today will be landscape, wildlife and natural architecture.

After dinner we will stop to do a sunset shoot followed by some Astro-photography before heading back to Christchurch.

Sunday

We will be up and out early this morning to capture the sunrise at the New Brighton Pier before heading to the Tannery for morning tea/brunch (at own expense).

Then we will head to Sumner Beach for some more sea-side photography.

We will finish off with a short summary of the weekend with a photo evaluation session with some afternoon tea. The 2.5 day excursion will conclude at 4.30pm

Monday

For those doing the 2 day or 4.5 day excursions we will be heading out to Orana Wildlife Park where we will spend the day photographing all our furry and feathered friends. Lunch will be at your own expense but a small snack pack will be provided to keep you going.

In the Evening we will head out again and do an inner city night shoot including a sunset, architecture, light trails and more

Tuesday

Today we will start with a sunrise shoot at Hagley Park and the inner city to play with light and shadows as well as silhouette work. This should also lead into some early rush hour street photography.

After a bit of a rest we will be off to do a comparative photo study of the Arts centre and the Library buildings.

The 2 day and 4.5 day excursion will conclude at 4.30pm.

For those who live close by or have accommodations in the city individual field trips can be booked. Go to our website captureitnz.co.nz and check them out

Please email me on captureitnz@gmail.com or by phone 02041745563 if you have any questions.

Last day for booking is Monday the 22nd November 2021
